

BootCamp Rules

(Created by Carly and Saddle Clubbers)

I understand that horse riding is a risk sport

I accept that my child rides at his/her own risk

Children must behave appropriately towards their horse or pony

I understand that the Carly will do her utmost to make sure children ride on the camp days, however in extreme weather activities will take place indoors and Carly will ensure children still have fun

I agree that if my pony becomes ill and Carly cannot get hold of the emergency contact, then Carly will take the steps required and seek further medical advice.

In the event of an accident involving my child, I give permission for first aid treatment to be given as first aider sees fit.

The organisers and landowners will not be held responsible for any incident or injury to riders or any person or property.

Safety Rules

Please ensure that your pony is healthy when bringing them to camps. I am happy that some are not vaccinated but do prefer ponies to have been wormed or a worm count done.

Children must be polite and friendly to each other

No jewellery

Hooded tops can be worn during the day but are NOT allowed when riding

Please make sure hats and body protectors are up to standard and fit properly

Please be aware that Lathockar is a working farm, and there is sometimes machinery in operation. There will be areas clearly marked which are out of bounds

Happy Dog Holidays is also situated at Lathockar, although holiday dogs are in a designated area, the farm dogs and Carly's dog are often running around yard. Please inform Carly if your child is allergic or scared of dogs.

Children very often jump without body protectors please inform Carly if you would prefer them to jump with them on
